Stemming Association Sells Entire Crop.

We, your District Committee are pleased to report the final disposal of the 1908 crop.

Manager Elliott sold during the past few weeks 111 hogsheds of leaf just prior to his going abroad. He sold in Liverpool 927 hogsheds of leaf and strips Association 1908 crop, as published in Tidings column. Previous sales had been made of 900 hogsheds. The Association's holdings, after sales as above written down, consisted of 2,405 hogsheds of strip tobacco, described as follows:

Henderson Head	
factory	678 hhd.
Henderson Elliott	
factory	523 "
Crittenden Marion	
factory	833 "
Webster Clay	
factory	371 "
Total	2,405 "

On Monday night, March 28th, we, the undersigned members of your District Committee, met in the city of Henderson, and were tendered Manager Elliott's report of his official acts while in England as representative of

your Association. We deem it sufficient to say, confirmatory of reports hitherto given you through our publicity bureau, that Mr. Elliott, in the face of serious obstacles and great difficulties, effected total sales of 1,038 hogsheds of your leaf and strips tobacco, on terms which were and are, all the conditions considered, unanimously approved by your Committee.

Supplementary to his report of previous sales Manager Elliott tendered your Committee propositions of purchase for all the remainder of the Association's holdings (2,405 hogsheds strips) of the 1908 tobacco. After seriously and exhaustively considering the propositions made the Association through Mr. Elliott for all of our strip tobacco, your Committee unanimously agreed to accept said proposition, and our acceptance closes out every hogsheds of the Association holdings of the 1908 crop. Just here it is proper to say in addition to the export tobacco, now all sold, we have on hand 182 hogsheds of low grade tobacco suitable for snuff and domestic use.

for which we have good prospects of an early sale. When we shall have closed out these 182 hogsheds of low grade domestic tobacco, the Association will have wound up finally the 1908 crop of tobacco.

Your Committee desires to be as full and explicit as possible under all the circumstances. All of the tobacco sold to go to England will be shipped immediately and drafts will be made against this tobacco for the utmost cent permissible under the customary rules of trade, and a distribution of the proceeds of these drafts will be made to members as soon as practicable, but good members should bear in mind that the first drafts cannot be made for the full amount of the purchase money. Under the terms of the sale purchasers have a right to receive the tobacco, sample it, and inspect it before paying the full amount of the purchase price. Within the next four week your Committee can definitely ascertain the exact pro rata of payment on the twenty-five per cent of warehouse receipts outstanding, and so soon as the Committee comes into the possession of this knowledge the Committee will make publication to members of the exact pro rata of payment, and of the exact first day of distribution. So soon as the tobacco is inspected and sampled your Committee will make other and final drafts for

WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 115 pounds. My trouble

dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying."

—Mrs. SARAH LOUISGONT, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, always helpful.

full and detailed report respecting the 1908 crop can be spread before the public within, as we confidently hope, the next two months and, we hope good members will continue to exhibit the noble spirit of patience so conspicuous in the great majority of our membership.

We sincerely assure members that they are not on with more anxious to know all of the details connected with the Association than are the officers to communicate the same. Members should reflect, however, that certain affairs of the Association at certain junctures should not be made plain to the enemies of the Association. Your Committee assures members that in the foregoing report your Committee, with due circumspection, has been as explicit and communicative as prudent policy would permit. Wherefore, we urge upon members to give the same a careful and studious perusal to the end that they may have a full and clear understanding of all matters connected with the handling of the 1908 crop up to the present time. We are confident if members will only do this, they will enjoy the same emotions of gratification at present experienced by the Committee.

A SMOOTH SKIN.

Black Heads, Chaps, Pimples, Sores and all unhealthy conditions of the skin are unsightly and detract from the looks. Buy a box of Dr. Bell's Anti-septic Salve, a creamy snow white ointment, apply as directed and your skin will be as clear as a babe's. At all dealers in medicines.

Notice

We wish, through the Columns of the Record-Press to notify our many friends and customers that after April 5, 1910 we will refuse longer to keep boarders, as we desire a rest from so arduous a task. Thanking our friends and customers for their patronage and many past kindnesses. Yours truly,
MR. AND MRS. T. J. McCONNELL.

Stops Lameness

Much of the chronic lameness in horses is due to neglect.

See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 43, writes:—"I have used your Liniment on a horse for swiney and effected a thorough cure. I also removed a spavin on a mule. This spavin was as large as a gurney egg. In my estimation the best remedy for lameness and soreness is

Sloan's Liniment

Mr. H. M. Gibbs of Lawrence, Kans., R.F.D. No. 1, writes:—"Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one sore bottle of Sloan's Liniment entirely cured her. I keep it around all the time for galls and small swellings and for everything about the stock."

Sloan's Liniment will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweety, founder and thrush.

Price 50c, and \$1.00
Sloan's book on horses, cattle, sheep and swine sent free. Address

W. L. DOUGLAS \$3.00, \$3.50, \$4.00 & \$5.00 SHOES

Best in the World
UNION
MADE
Boys'
Shoes
\$2.00
and
\$2.50

W. L. Douglas shoes are the lowest price, quality considered, in the world. Their excellent style, easy fitting and long wearing qualities excel those of other makes. If you have been paying high prices for your shoes, the next time you need a pair give W. L. Douglas shoes a trial. You can save money on your footwear and get shoes that are just as good in every way as those that have been costing you higher prices.

If you could visit our large factories at Brockton, Mass., and see for yourself how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better and wear longer than other makes.

CAUTION—W. L. Douglas name and price is stamped on the bottom to protect the wearer against high prices and inferior shoes. Take No Substitutes. If W. L. Douglas shoes are not for sale in your vicinity, write for Mail Order Catalogue, W. L. Douglas, Brockton, Mass.
